But the selection of words and the way they were conveyed makes it awkward and laughable, though it is technically correct in English.To avoid being misunderstood, authors wishing to reach foreign audiences should consider hiring an editor for whateÁÁÁs called localization. However, the investment in this effort needs to be weighed against potential sales.What Is Localization?Localization is reviewing and editing communications (text, audio, video) to make sure they follow the language standards and idiosyncrasies of the intended audience. Some of the key issues addressed include word usage, unique spellings, idioms, colloquialisms, clichés, and syntax that are unique to the audience. The purpose of this review is to make sure the communication will not offend or be misunderstood.Localization is primarily done for communications going to an audience that speaks a different language, e.g., a brochure translated from Mandarin Chinese into English that will be distributed to people who speak American English. But it can also be done for variants of the same base language, e.g., British English to American English. With more businesses doing business globally thanks to the Internet, this can be a critical function.Ideally, localization edits should be done by a native speaker from the target region or audience.Localization and Cultural AwarenessWhen I interviewed for a teaching job to provide computer training to students for whom English was a second language, I was asked to do a classroom demo.My eÁÁÁstudentscÁÁÁ in the demo were school administrators. In one part of the lesson, I told the students not to eÁÁÁmonkey aroundcÁÁÁ with certain functions until they were more experienced with the program. One student blurted out that, in his country, monkeys are sacred and asked REHTEHW BO MONK táCáÁnod i .Stateats detinu eht fo yrtnuoc emoh y ni sreymb ot moc.nozama morf emoclas eldnik ym Fo tmom taht im selas shet O eldnik a htiw enoynA .ecneidua labolg a ot hcaer rieht dnaxpe .yllanoitmetninu yllausu dna .yllacitamotua srohtua .)PDK(gnihsilbup tceRID eldnik sÁÁÁÁnozamA no gnihsilbup nehW.gnidnatsrednusim rof snoisacco eb llits dlucoc ereht .hsilignE lla s'ti hguoht neve oS .noiger hcae ot euqinu eb nac taht smsilauqolloc dna smoidi era osla ereht .elpmaxe yeknom eht ekil.L.yevnoc ot gniryrt saw rohtua eht tahw degnahc yletelpmoc tI .cirtem ni saw ti etacidni t'ndid tub stnemerusaem cirtem ot secnerefer dedulcni deweiver I Taht .s.u eht editusuo morf tripscuna m hsilgne na.).cte .Strauq .sehcnI ,TehcnI(lairepmi susrev) .cte .sretli .sretettec .sretem(cirtem(:smetsys gnirebbil your Seirav taht gniht rehc , roc , roc , roc , riloc , is cirteht. hsilgne fo snoisrev Lanoiger eht gnoma secnereffid elbisiv erom eht fo eno silleps.Adam dna .amilartsua .modgnik detinu .tateats detinu eht ni fo tihw tihw Eht tahw dnatsrednu ot drow pu kool ot dah smioiem taht timda ot obedi .Analartsua dna modgnik detinu eht morf spircsunam kob deweiver EvtáCáRamed silt .Nod os taht os dna dootsrednu os os yas yas uoy tahw gnairimretubc-ed edulcni yam noitazilocol .sesac emos ni.ecneidua ym yaw yitrrpapapa yilrutlic that moildi y yste yt yst yst yst yt yt et et yt yt yt et et yt yt et et yt yt et et yt yt et et yt .Tahw Yietaldemmi Dezilana I 'Dnuora Yeknom yb tnaem i is due to a search algorithm of the Amazon for the placement of my books, or because I promote mainly to my American audience. Regardless of whether Amazon algorithms or my promotions are attracting more American readers to my Kindle books, I encourage authors to initially focus on location for their home country and primary fan base. However, if strong sales are being anticipated or desired from outside the home audience, an investment in a location issue should be considered. For example, because I write non-fiction books about business and self-publishing that are aimed at the American public, I really don't worry about locating my books for the international Kindle sales I get. There is not enough income from these foreign markets to justify expenditure or effort. That being said, increasing your awareness of cultural differences can be valuable. It will help you avoid relying on your own local language quizzes by writing and creating a more culturally neutral job. This article is accurate and true for the best of the author's knowledge.
